Regarding compliance to the limit values for certain restricted substances in the RoHS directive

Hard metal (sintered carbide) manufactured by *Ultra-met* are not electrical or electronic components and are intended only for use in Large Scale Industrial Tools or Large Scale Fixed Installations. Therefore, they are not subject to the limit values for the restricted substances referred to in Article 4(1) and listed in Annex II of Directive 2011/65/EU, of the European Parliament and of the Council on the restriction of the use of certain hazardous substances in electrical and electronic equipment ("RoHS 2"), as amended by Commission Delegated Directive (EU) 2015/863 ("RoHS 3") of 31 March 2015.

Best regards,

Greg Rowe
Chief Metallurgist
